

# Permission Form

To Access the Online Click Happy Academy and Click Happy Programs Going forward.

## Section A - Personal Details

Childs First Name	Middle Name	Last Name
Email address of Parent		Date Of Birth
Daytime Phone (Mobile Number)		Age

## Section B – Permission To be signed by a parent or guardian over the age of 18.

Your child has received a full scholarship to attend the Online Click Happy Academy.

This will require that they have access to any one of the following:

- ◆ A cellphone with a camera ◆ or a DSLR ◆ or a tablet with a camera

In the course they will learn visual storytelling skills that will help them in school and when they are seeking jobs or working as entrepreneurs later in life. Specifically they will be learning how to photograph with manual settings on their device or camera. They will also be learning a well-being framework that helps them to remove blocks from their creative process. As this is a photography course we will be taking photographs of each other and sharing them. Some of the images might be used to promote the work of the students in the course. Therefore we need permission to photograph your child in order to participate. By signing this form you will be giving us permission to photograph and use the images to promote the work of the youth and Click Happy as a program.

You give Click Happy employees, agents and successors the following rights:

1. to photograph, film, digitally record or video-record yourself and/or your child/children; and
2. to make sound and voice recordings of yourself and/or your child/children.

This content may be used now and in the future in any way that may be required. These reproductions or representations may appear as still camera photography and/or video images and/or digital images. Examples of uses include (but are not limited to); transmission in any manner and/or digital release, publication on the internet including social media, in promotional and educational material, in public exhibition or made available to our event collaborative partners (libraries, schools, and funders), both in New Zealand and overseas. Copyright, storing and ownership of the work will rest with Click Happy. Any image your child submits they retain the right to. However you grant limited usage rights for Click Happy to use the imagery to promote the work of the Click Happy program.

Please note that our program is a holistic program that covers aspects of creative well-being that help develop self-awareness in a creative. Our program covers a framework that discusses Head, Heart, Guts, and Ground. Head - Wairua - Inspiration + Problem Solving | Heart - Aroha - Creative Relationships + Self Compassion | Guts - Mana + Grit + Personal Power | Ground - Tūrangawaewae their Standing place and what brings them calm. This has, in some, touched on areas that are triggering of past traumas. Most of the time this is supported and the program helps them work through blocks in these areas. Sometimes the trauma is significant and things brought up may require further support from professionals. Although empathetic and compassionate we are not mental health professionals and you will need to seek extra mental health support if this is required.

Here is where we have listed the providers that can help: <https://themojolution.org/mental-health-help/>

If your child is under 13, you will need to give permission to sign up for the Signal App as this is where we will be posting our work and learning how to give constructive feedback to each other. The app is for those 13 plus so you will need to consent and agree to monitor usage.

By signing this form you agree to the above and to our terms and conditions found on this page: <https://clickhappy.org/click-happy-challenge-terms-and-conditions/>
